

PET EMERGENCY KIT

During an emergency, you and your animal companion(s) may be on your own for several days, and your pets will be relying on you to help them through it. Preparing for your pets is just as important as preparing for the human members in your household. It is important that you have enough supplies for your pet for 72 hours, as well as a grab-and-go bag for them if you have to leave your home quickly.

Gather and organize your pet's emergency supplies now so that you are ready when disaster strikes. Check out [Prepare Squamish](#) for more information.

Make sure you have everything you need for your companion(s) by using the checklist below:

Recommended Items:

- Leash, pet restraint, muzzle or harness
- Pet carrier
- Pet food for three days to one week (or more)
- Water for three days to one week (or more)
- Collapsible food and water dishes
- Towels/blanket
- Treats
- A favourite toy
- Waterproof backpack or bag for your pet supplies
- Copy of vaccination records
- Medications and basic pet first aid supplies
- Photos of your pet(s) with you and alone; they can be used for identification

Think ahead – you might need extra supplies based on what type of pet you have:

CATS? You'll need a small container of cat litter and plastic bags

DOGS? You'll need a roll of poop bags

REPTILES? You may need a portable battery-operated heat lamp

BIRDS? You might need cuttlebone and grit
