## Zoning & Development Considerations

HOTEL means a building in which accommodation units are provided and offered to the public for compensation and which is open to transient guests but does not incorporate dwelling units, and may include accessory uses such as a restaurant, health club, liquor primary establishment, and retail stores to a maximum of 33% of gross floor area. Listed under permitted uses in the following zones: CD-3, C-3, C-4, C-9, CD-10, CD-12, CD-16, CD-69 (Block A only)

Note: Hostels are a permitted use in C-1 with a restriction of 10 beds. Permitted use lists that contain Motel also include Hotel in the list.
