

Seniors Recreation Programming Engagement

The District of Squamish is seeking creative, committed individuals to be a part of the Seniors Engagement for Recreation Programming Steering Group. The goal of the Group is to provide recommendations regarding existing programming and new programming opportunities and how those programs can be most effectively placed within Brennan Park, The 55 and the Westwinds Building.

The Steering Group will be comprised of a broad spectrum of members with varying interests and perspectives. Group members will play a pivotal role in expanding diverse programming that suits the needs of all seniors in our community, while staying true to the value of enhancing the lives of adults over the age of 55.

As a member of the Seniors Steering Group, you would be called upon to provide recommendations and ideas for program development in the following areas:

- Seek community group feedback to provide Seniors' programming that is inclusive and reflects community needs and interests.
- To provide recreational programming that moves towards a neighborhood hub model.
- Support consolidation of all feedback received by our community members.

The commitment and timeline for the project are as follows:

- 2-3 meetings of approximately 2 hours each from May - June to provide insights and support on how to engage seniors effectively (surveys, open houses etc..) and provide feedback on improving seniors programming at District facilities.
- The project will be completed by late July with the Seniors Engagement Strategy Report submitted to Council.
