Recycling After Scale **WITH FEES**

- CAR TIRES
- WOOD WASTE
- DRYWALL
- YARD WASTE
- TILES & CONCRETE

CONTRACTORS & Regular Users

Tiles and stripped toilets can go into the clean concrete bin. Toilets must have all plastic and metal parts removed.

To help avoid flat tires, please do not sweep sharp material (glass, nails, etc.) onto the drive area when sweeping out your truck or bin.

SQUAMISH LANDFILL & RECYCLE DEPOT

Tips & Tricks

Landfill Rd, Squamish BC
604. 898. 5635 | squamish.ca/landfill

HOURS OF OPERATION*

DAILY 9 a.m. - 5:45 p.m.

* Closed Christmas Day and New Years Day

SQUAMISH

TIP If you have material for both the Recycle Depot and the Paid Depot, please use the Paid Depot first. It is easier to access the Recycle Depot when leaving and there is no charge for these materials.

BEFORE GOING to the Landfill

Sort your material into the relevant categories.

Check the Waste Wizard for more information (squamish.ca/waste-wizard).

- Be sure you are wearing **closed toes shoes**.
- Please wear **gloves** if delivering wood waste or yard waste.
- We ask that **children and pets stay in your vehicle**.

ORGANIZE your Load

To save time, **separate your materials** before heading to the landfill. If materials are in bags, take them out at the depot and recycle the bags in the soft plastics recycling.

GETTING TO the Landfill

The Landfill is located off **Squamish Valley Road**, between Hwy 99 and Government Road. Driving is recommended, as bike/pedestrian traffic is not allowed in.

When you ARRIVE

Please **remain in line** until the green signal allows you to proceed to the scale. If you have **recyclables** that **can be disposed of in the free Recycle Depot**, please proceed with caution to the Recycle Depot on the left when it is safe to do so.

Refer to the map to see what recycling options are available in the Recycle Depot and to find out which items you need to cross the scale for access.

For materials on the transfer station, please **wait until the light on the scale turns green** before advancing. Be sure to stop beside the scale window and advise the attendant of each material you have. Please proceed only once you have received the attendant's directions. Be advised **you may need to cross the scale multiple times if your load contains different types of material that have separate cost charges**.

For a list of Landfill Tipping Fees and materials accepted visit squamish.ca/landfill.

When UNLOADING

Carefully **back up to the disposal area** and be aware of other vehicles in the area as well as any potential debris on the ground.

Ensure the material you are unloading is in the correct area and place all the material in the designated bin or bay. If the bin or bay is full, please let the attendant know and wait for instructions. Please do not sweep out nails or other sharp objects onto the ground.

More Than One Type of MATERIAL

If you have more than one type of material (for example, wood and garbage) **you will need to cross the scale for each type**. Proceed to the signal light and cross the scale when indicated. Please advise the attendant that you have another type of material to unload and you will be advised to turn around and proceed back into the paid area. This will be done as many times as needed.

When you are FINISHED

Once you have unloaded the relevant material and are ready to cross the scale, line up by the exit line. **Wait for the light to turn green before proceeding to the scale**.

If you unloaded material with no charge only, you can proceed slowly across the scale and head either towards the exit or to the free Recycle Depot.

If you unloaded material that requires payment, **please stop at the window to pay the scale attendant**. Payment can be made using **CASH, CREDIT CARD, DEBIT CARD**. If you have more paid materials to dispose of, please let the scale attendant know at this time so you can return to the paid area. One payment can be made at the end for all materials unloaded during your visit.

TIP If you are unsure about where something goes, ask the landfill attendant!
